INTRODUCTION

This guide is useful when the battery is not holding charge or completely broken.

Step 1 — Battery

- To remove the battery cover, first turn the phone so that the keypad is face down.
- While holding the phone with one hand, place the thumb of the other hand at the top of the battery cover.
- Slide the battery cover toward the bottom of the phone to remove.

Step 2

- To remove the battery, first grab it using a finger on either side.
- Pull the battery upward, while securing the phone with your other hand.
- Gently remove the battery and place it to the side of the phone.

To reassemble your device, follow these instructions in reverse order.
